

Staying at La Mirande is an invitation to discover the exquisite world of French decorative art. Here, authenticity is held in its highest regard. Behind its beautiful façade, La Mirande shelters a refined décor which is evocative of the 18th century atmosphere and the pleasant lifestyle of yesterday houses. La Mirande immerses one into the heart of this period, so as to come closer to its feeling and taste...

Modern comfort is discretely integrated into the interior design with painted woodwork, draperies, parquets and old floor tiles. Period furniture and fine paintings naturally find their ideal setting.
